\$2,000,000 FIRE SWEEPS PIERS OF JERSEY CITY

Erie Service Disrupted;
Firemen Are Hurt.

(Picture on back page.)

New York, Nov. 16.—(Special.)—The Jersey City water front was swept today by fire for the second time in three days, the flames destroying two Erie railroad piers, fourteen barges, a loaded freight car, and a steam lighter. The estimated loss is \$2,000,000. Three fire fighters, one a tugboat captain, were seriously injured.

On Friday two square water front blocks were burned over and property valued at \$1,000,000 was lost. The distance between the fires was approximately twenty blocks, and the cause of each is unknown.

The wharves burned today were piled high with westbound merchandise, the character and value of which may never be known, due to the destruction of the freight records.

Station Is Periled.

Racing through the piers and the river craft with remarkable rapidity, the flames threatened for a time the passenger station of the Erie railroad. All ferry service between the Jersey station and Chambers street and West 23d street was suspended during the fire, and train schedules were disrupted. The rail service, however, was not halted.

Throughout the fire the warehouse pier of the American Railway Express company, with only four railroad tracks between it and the blazing mass that had been Pier 5, was in peril. Stored in the warehouse were express packages valued by officials at between \$500,000 and \$1,000,000.

Alongside the warehouse were three express cars. Two were run out, but the third was not coupled. This car, standing so close to the fire that its paint was peeled in patches from the

side, held \$1,000,000 or more in express parcels. Among its contents was a package containing pearls valued at \$125,000. Streams that flowed as they struck it saved the car. A freight car, standing closer, caught and was quickly burned out. It contained boxes of shoddy.

Fireboats Aid Fight.

All men and apparatus of the Jersey City fire department fought the fire. In response to a call for help from Fire Chief Roger Boyle two New York fire boats aided from the river. They were reinforced by seven fire fighting tugs.

Steam barges and lighters were towed to midstream by other tugs that darted bravely through smoke and terrific heat into the gap between the piers.

MARY GARDEN IS HOME AGAIN AND MUCH SLIMMER

(Picture on back page.)

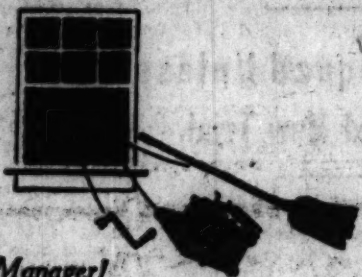

Miss Mary Garden came back home to Chicago yesterday from the Riviera, where she spent most of the summer taking sun baths lying in the bottom of a canoe on the Mediterranean. The diva was much slimmer than last year and said she was in fine fettle for the hard work of the opera season just opened. She is to appear eighteen times this season, she said; but neither Cleopatra nor Salome is on her list for the season, although she says they are her favorites.

Woman Finds Aged Man a Suicide in Her Kitchen

When Mrs. Helen Johnson returned to her home at 2157 West Chicago avenue Saturday night she found an old man who roomed next door sitting in her kitchen in the dark. The gas jets of the stove were on, and the man, Anton Kower, 55 years old, was dead.

Chicago Labor Gave La Follette Cause \$12,000

A total of \$12,000 was contributed by the Chicago Federation of Labor toward Senator La Follette's campaign fund. It was revealed yesterday through a report submitted by Charles F. Willis of the machinists union.

You can buy Oriental Rugs
with Confidence at

Pushman's

The purchase of an *Oriental Rug* is, in many respects, similar to the purchase of a diamond or any other precious stone. So few people can judge their real value that it is imperative you buy from a house which specializes in *Oriental Rugs*—and from a concern in which you have implicit confidence.

Mr. G. T. Pushman, the President and active head of Pushman Bros., is a skilled rug-weaver and buyer by trade. Much of his early manhood was spent in the Orient, where he "grew up with rugs!" The first Oriental Rug woven in Chicago was woven by Mr. Pushman 34 years ago. Likewise every man connected with Pushman's has grown up with Oriental Rugs.

Starting in a very modest way—many years ago—the firm of Pushman Bros. was built around the idea of selling Oriental Rugs to every one at the same price, and of telling the strict and unvarying truth about every rug in the store.

From the start the people of Chicago and the Middle West began to have confidence in Pushman's. And as the years came and passed they realized that this was a store where they could learn the real facts about Oriental Rugs—a store where a child could buy as safely as an expert.

And this confidence has made Pushman's the leading Oriental Rug house in the Middle West.

One need not know anything at all about Oriental Rugs when buying here. For just as one has faith in their banker, or in their physician, so can they have faith in Pushman's, in Pushman's rugs, and prices.

We are always glad to send one or more rugs to any responsible person, so they can make selections in their own home. And a careful comparison of qualities and prices will prove that Pushman's values cannot be beaten.

KIDNAPING OF GIRL IS CLEW TO MISSING CONSUL

Daughter of Mattis, Aged 10, Taken in Auto.

Agents of the state department conducting a search for Leonidas Mattis, former Greek consul agent who disappeared from Chicago late in July, yesterday saw in the kidnaping of Mattis' 10 year old daughter, Lucile, a clew to the abductor's whereabouts.

The little girl was taken away in a blue automobile with red wire wheels, by two women and a man who lured her into the machine near 225 New street, Blue Island.

Mattis was thought to have fled to Paris. Now the authorities believe he has remained in or near Chicago waiting for a chance to steal the girl away from his wife, the child's foster mother.

Child's Parentage a Secret.
The kidnaping of the child revealed details of her parentage and of the life of Mattis that had not been known. The police, was reticent concerning the child, but under questioning said that she was about to adopt her, the little girl being Mattis' daughter but not her own.

Mrs. Mattis had filed a petition for the adoption of the child before County Judge Edmund K. Jarecki. There was to have been a hearing on this petition this week.

Mrs. Mattis told the police Mattis admitted to her he was the father of the child, but would give no other details concerning her parentage.

Police Offer Theory.
The police now believe that the legal advertisement of the adoption proceedings may have been the incentive for the kidnaping; that the child's own mother, believed to have been a wife of Mattis by a former marriage, may have effected a reconciliation with the missing consul agent and have wanted her child back.

The woman who wished to adopt the child admitted to the Blue Island police that she knew the address of the child's real mother, but she refused to tell it. She gave as her excuse that she had already told the Chicago detective bureau about it, but the detective bureau it was stated there was no information except the report of the kidnaping from the Blue Island authorities.

HOLD SUSPECT IN DEATH THREAT TO MRS. HUEHL

William Johnson, 25 years old, a clerk, 325 1/2 Barry avenue, is to be arraigned at South Clark Street court today on a charge of attempted extortion. He is suspected of sending a death threat letter demanding \$10,000 last week to Mrs. Annella Huehl, widow of Harris W. Huehl, Chicago architect, according to Lieut. William Blau.

Johnson was pointed out to Lieut. Blau at Barry avenue and Sheridan road by Adolph Wiczorek, 325 Milwaukee avenue, a taxi chauffeur, as being the man who had sent him to the Huehl home at 623 Wellington avenue for the money.

"Johnson is held solely on the strength of the chauffeur's identification," said Lieut. Blau. "He admits nothing and has no criminal record."

CURIOSITY KILLS CATS; MAY KILL YOU: BUNDESEN

Idle curiosity is a disease. Health Commissioner Herman N. Bundesen, after a series of searching experiments, has discovered this, and this morning, following the precedent long set by the medical profession, gives the great truth to the world.

If you wrestle, play baseball or football, engage in boxing contests, run foot races, play marbles, mumble peg or ring around the roses, you are probably not afflicted with the dread "spectatoritis," as the health commissioner has named the newly discovered plague.

But, the health commissioner points out, if you go to witness contests of football, baseball or boxing, you probably have it. For "spectatoritis," says Mr. Bundesen, "is defined as a condition in which the victim is a chronic looker-on. While you may find the chronic beholder anywhere, he is especially evident at baseball games, football games, races, wrestling, boxing and other sports."

ALL CHILDREN BORN IN FRANCE MUST GO IN ARMY

[Chicago Tribune Foreign News Service.]
PARIS, Nov. 16.—A severe blow to the permanent American colony here may be inflicted by the French government. A resolution by Deputy Pichel Miscoffe for a "code for foreigners" has been adopted by the Paris offices. The plan is to force children born in France to do military service in hitherto exempting circumstances. M. Miscoffe states:
"In the Seine department alone 30,519 sons of foreigners were born and substantially liable to military service. Only 534 adopted French citizenship when they reached the age of 18."

T. R. TOUTED TO BE VETERAN'S BUREAU HEAD

Washington, D. C., Nov. 16.—[Special.]—In official circles the expectation exists that Brig. Gen. Frank T. Hines will retire soon from the office of director of the veterans' bureau. Gen. Hines is represented with being dissatisfied over what he regards as a hampering of his work by congressional influence.
His failure to remove some of those who were prominent in the bureau when Col. Charles R. Forbes was director has been cited as a reason for the claim of his opponents that Gen. Hines has not made all the reforms desirable.

LABOR TO RETURN TO NONPARTISAN POLITICAL STAND

1924 Disaster Mirrored at El Paso Convention.

BY THOMAS WREN.

El Paso, Tex., Nov. 14.—(Special)—Set back by the overwhelming defeat given Senator Robert M. La Follette in the recent election, the American Federation of Labor, which opens its forty-fourth annual convention here tomorrow, has started a program to rebuild political fences along the lines of its former nonpartisan policy.

This is the policy followed by the federation since its organization in 1881. It is called the Gompers policy, because the veteran head of the organization has always championed its principles. But this year, it was said, a series of circumstances developed which threw labor into alignment with the La Follette party.

Want Carpenters Outed

This year there is a manifest lack of interest before the opening of the convention. There are no factional battles with the exception of a dispute about the carpenters. The building trades department has filed a demand with the federation to oust the carpenters' union from membership. The membership of this union totals about 250,000, and it is expected some compromise will be made.

Installation of sheet metal trim on new construction is the cause of the

trouble. Both carpenters and sheet metal workers claim the work. It was awarded to the latter but the carpenters refused to accept the decision.

The report of the executive council for the year shows a decline in membership in the last five years. In 1919 the membership total was placed at 2,925,000 mark, while this year it is between the 2,850,000 and 2,900,000.

Rail Board Condemned

The United States railroad labor board was condemned in another part of the executive council's report which said:

"Each year the conduct of the labor board and the operation of the present law has amply justified condemnation. During the last year the labor board has continued to increase irritation and discord in the human relations on railroads and has continued its policy of violating all traditions of industry on bona fide trade unionism and of American citizenship. This railway labor bill (also known as the Howell-Barkley bill, now before congress) imposes a general duty upon carriers and their employees to exert every reasonable effort to make and maintain agreements concerning wages and working conditions."

Report Praises Farmers

Extending a hand of welcome to agrarian workers, the executive council's report declares "farmers and industrial workers are the world's basic producers, and consequently both groups are vitally interested in finding the principles that make for continuous progress."

Surveys, the report sets forth, shows there are approximately 3,500,000 women over 15 years of age employed in industry, of whom about 200,000 are members of trade unions. Mention is made of campaigns to enlist women workers in the organized labor movement.

Across the international bridge in Juarez the Mexican Labor federation will hold meetings this week. It is arranged that conferences will be held between American and Mexican leaders to discuss economic problems.

RALPH HORN IS SOUGHT BY WIFE AND 5 CHILDREN

The United Charities of Chicago is searching for Ralph Horn, 46, a paper cutter, who deserted his wife and five children, ranging in age from 2 to 10 years, in February, 1923. Miss Ella Hirsch, district superintendent of the organization, is in charge of the search. "His family is destitute," she said yesterday, "and his neglect is criminal. There are plenty of opportunities for him to find work in Chicago and support his family. If any one knows of his whereabouts, call Humboldt 0686."

ZAGLOUL AGREES TO KEEP JOB AS EGYPT PREMIER

CAIRO, Egypt, Nov. 16.—(By the Associated Press).—Zagloul Pasha today withdrew his resignation as premier, after a long conference with the king, who insisted that he retain office. Zagloul earlier had authorized the statement that his resignation was not due to the king's refusal to agree to two ministerial nominations, as this question had not arisen.

The premier presented his resignation in the chamber of deputies Saturday, and the news of it caused students to leave their books and join with thousands of other persons who had ceased work in a parade cheering Zagloul. Numerous political speeches were made urging the party leaders to proceed to the palace and beg the king not to accept the premier's resignation.

One crowd of demonstrators attacked the premises of Al Kashkoul, a comic illustrated weekly, which has consistently caricatured Zagloul and his colleagues, and wrecked the plant and set fire to the paper supplies in the building. During the student demonstrations, which had continued throughout the day, especially outside the Abbasi palace, shouts were raised of "Zagloul or revolution!"

COAST DEFENSE ARMS SHOULD BE TREBLED, REPORT

Annual Statement Tells
of Nation's Needs.

Washington, D. C., Nov. 16.—The strength of the coast artillery corps for harbor defenses, anti-aircraft, railway artillery, and heavy tractor artillery should be more than trebled and the overseas garrisons should be nearly doubled, Maj. Gen. F. M. Coo, chief of coast artillery, said today in his annual report to the secretary of war.

The coast artillery corps was 19,000 men short for the efficient manning of its various activities, he said, and its present strength of 12,026, the lowest since 1907, should be raised to 34,000.

Figures He Desires.

According to Gen. Coo, the personnel manning the harbor defenses should be raised from 3,405, its present strength, to 9,750; the anti-aircraft artillery from 1,823 to 5,200; the railway artillery from 595 to 2,523; the heavy tractor artillery from 426 to 2,132; and overseas garrisons from 4,000 to 10,000 men.

Gen. Coo said the training of coast artillery troops and the instruction of officers' training corps, organized reserves, and National Guard during the last year had been "handicapped by the limited personnel available, and, in some cases, by lack of necessary material, especially harbor boats and certain anti-aircraft material."

Training Camps O. K.

Instruction was expressed by Gen. Coo at the results of the coast artillery units of the reserve officers' training corps conducted at eighteen institutions during the academic year 1923-24 with a total enrollment of 4,249. Attendances of 450 and 1,500 at reserve officers' training camps and citizens' training camps, respectively, were reported.

Iceland Fines Bootleggers

\$400, 30 Days in Jail Each

(Chicago Tribune Foreign News Service.)

COPENHAGEN, Nov. 16.—The Icelandic telegraph bureau reports that the Reykjavik police first raid on booze runners resulted in secret traders being fined 2,000 kroners (about \$400) each, with from thirty to forty-five days' imprisonment. This marks the record penalty for illegal liquor traffic.

CAL TO STAND PAT ON FOREIGN AFFAIRS POLICY

Washington, D. C., Nov. 16.—(Special.)—Any recommendations President Coolidge may make in his message to congress regarding foreign affairs will be along the lines of policy laid down in his address prior to, and during the election campaign.

It is expected that the President will urge early action by the senate on the commercial treaty with Germany, as well as upon the Turkish treaty. The President is still strongly committed to the conclusion of an agreement with Canada on the development of the St. Lawrence waterways project. There is some speculation as to whether the President will take up the question of American adherence

to the permanent court of international justice.

The White House statement of today was taken to mean that the administration's view regarding recognition of soviet Russia had been unaffected by recent developments in the relations of the bolsheviks with the rest of the world.

Bank Note Co. Messenger Confesses Theft Frameup

Charles Gibbons, 19, messenger boy for the Northern Bank Note company, 2840 North Racine avenue, is alleged to have confessed to police yesterday, that he stole \$400 intended for the pay roll of the bank note company. He said he was "held up" by an accomplice who took the money and the firm's car, in which he was riding, while he fled to the forest preserve at River Forest where he was captured by a warden. He refused to name the accomplice.

Plan NOW for 1925 advertising!!

Ahead of advertising will necessarily come business, production and financial policies. Product, factory, personnel, distribution, competition, markets—all may need to be reviewed before advertising plans can be approved and budgets OK'd.

Getting ready to advertise is in fact getting your house in order. It is no task for an amateur. Experienced advertising agency viewpoint will save time and avoid experiment.

During the last twenty years we have assisted many a business—large and small—to get ready to advertise for the first time, or to place some new product in the field. Our book "Four Square Advertising" explains our methods and policies. It will be sent you on request.

New Importations Direct to Us ORIENTAL RUGS

The important consideration, of course, is how to buy Oriental Rugs to best advantage.

The popular idea is that Oriental Rugs are expensive—this is at once true and untrue.

Oriental Rugs are not expensive in the Orient, but as they are ordinarily handled—through agents, brokers and wholesalers—the price to the consumer is bound to be high.

We have changed all this by buying our rugs in the Orient and importing direct.

There is no longer any reason why anyone should forego the pleasure, service and satisfaction of owning fine Oriental Rugs. The question of price is no longer an obstacle. You who have been looking forward to having Oriental Rugs can now make your selections here with the assurance that you are buying rug "service" at less cost per year than if you bought ordinary domestic rugs.

These few Values prove the point.

WHY DOES BUTH SMOKE?

Chicago, Nov. 15.—So you are disgusted
with the way the girls are smoking,
drinking, and dancing. Mr. Buth is not
at all. Your magnificence and demureness
will result in not a few protests from
fair and faineant. You are just the type that I associate
with every day, always ready to my
allant things about the girls you take
and those that you don't, character-
ize yourself as a virtuous example of
stained manhood, in no wise to blame
the corruption of the ideals and
moral obligations that were once held
prized.

Following a profession that brings me
in contact with many girls daily, and
working amidst Chicago's night
for three years, I believe that I am
qualified to state that the fellows are
not out to blame for the bad
positions which you so arrogantly
attempt to outline. No gentleman will
take a tip back to any "lady" or
"girl" to smoke his cigars; he
will be bring it. He will be at
at reasonable hours or frequent question-
naires.

fession," to thoroughly "enjoy" our-
selves, and I do not find my company
unpleasant or unwelcome at any time.

THIS FOREIGN INVASION OF SEX

Chicago, Nov. 15.—Opera! Opera!
Lord, Lord, come and stop out
from being protected into confusion.
It is true that grand opera would
be supported if sung in English.
The English language cannot trans-
late the emotions of the great music
of the East. The English language is
of Oriental witchcraft and magic.
The English language is used to
translate spiritual thoughts, not the
emotional emotions of the great music.
Americans, or the English speaking
people, stand for higher ideals. The
English American people are still
turning America's songs and music
into foreign invasion of sex and murder.
It is true that grand opera is not English
in it. American. The English lan-
guage gives expression to higher ideals
and does not embody the Oriental heath-
en, barbarian, thoughts of "sex."
The fact that 1,100,000 Bibles are sold
each year is one of the reasons why
opera cannot be a success when
sung in English. Real music is the in-
vasion of good, the revelation and
evolution of soul, not of the material
sex.

REFERRING TO THE NEGROES OF HAYTI

Chicago, Nov. 15.—In reply to your
article regarding the Negro judge,
seems to be very narrow in
scope, as it is not a matter of
color, as it is that made any
particular amount of difference, by stat-
ing that George had straight hair and
light complexion, as if that had any-
thing to do with his personality. I would
advise the editor to read a little
Negro history and convince himself
that to be an intelligent Negro it is al-
ways necessary to have white blood in
his veins. I would like to call your at-
tention to the heroes of Hayti and Gar-
ibaldi, who defeated the best armies
Europe that were trying to enslave
them. Did the Negroes have white blood
in their veins or not? I don't think so.

PARIS DIPLOMAT
SAYS POINCARE
FOMENTED WAR

Accuses Him of Plotting
Against Germany.

BY HENRY WALES.

Chicago Tribune Foreign News Service
Paris, Nov. 15.—The secret mem-
oirs of Georges Lais, French ambas-
sador to Russia who

was recalled in
1913 by Raymond
Poincare, former
president and pre-
mier, accuse M.
Poincare and the
Russian ambas-
sador in Paris, M.
Levolsky, of al-
most equal com-
plicity in foment-
ing war with the
former kaiser of
Germany. The
memoirs are pub-
lished today in
the new paper
L'Europe.

M. Lais' mem-
oirs quote statements of Jules Cam-
bion, former ambassador and foreign
minister, and Stephen Pichon, member
of the cabinet.

M. Lais says M. Cambion told him
when M. Poincare was elected pres-
ident of France in 1913 that all cordi-
ally for the former kaiser had ceased
and M. Poincare had cast his lot with
the war supporters of M. Levolsky.

"Could Have Avoided War."

"We could have avoided the war if
in 1913 our government was in other
hands," M. Lais states. "To become
president, to make his St. Petersburg
visit successful, and through utilizing
secret funds for the subvention of the
press, M. Poincare became an instru-
ment of M. Levolsky, who with M. Tri-

toni, unleashed the 27-politician war
from the Balkan wars came the Euro-
pean conflict."
M. Pichon told M. Lais that M. Del-
casse contributed to the start of the
war through inciting the Russians
against the Germans to such an extent
that the English protested.
The Paris Sole tonight states that
in view of M. Lais' exposure, M. Poin-
care is obliged to explain.
"He is accused of intrigues with M.
Levolsky," it continues. "He is ac-
cused of at least abandoning the course
of peace. Conscience cannot permit
M. Poincare not to reply to M. Lais'
statements."

Poincare to Reply.

STRASBOURG, Nov. 15.—Former
Premier Poincare, charged in the diary
of former Ambassador Georges Lais
with voluntary failure to avoid the
war caused, today declared he had
known for a long time of the existence
of this document.
"As soon as I return to Paris I will
publish a formal denial," said M. Poin-
care.

NOVEMBER SALE OF
WOMEN'S COATS

The Newest Fashions in a Variety of
Individual Guises, Richly Befurred

THE selection of warm winter Coats is so gen-
erously complete in this section that every style the
season has created is to be found in many models, each
with its own individual interpretation, interesting to
those who insist upon the unusual.

The fashionable furs are so applied that they accent
the new flares, the panel effect, the muff sleeve, the
shawl or high snug collar. With the fluffy fox, lynx and
marten are shown flat leopard cat, beaver, squirrel, mole.

Coats with Fur Collar and
Cuffs Are \$67.50 and up

The first Coat pictured, reproduction of an import,
has its upstanding collar, front binding, and high-
pointed border of sable squirrel. The second, of shutter
green jammuna, forms collar, cuffs and panel tabs at
each side of deep red fox.

ENRICHED WITH FUR

THE soft flat furs so enthusiastically acclaimed this
season no longer confine themselves to gowns and
coats, but contribute to the success of many of the new
Hats. Seal, leopard, mole, gazelle, summer ermine and
ermine combine strikingly with various fabrics.

Mole, in diagonal bands, blends with the new French
gray ottoman silk of the Hat sketched, while an orna-
ment of silver, rhinestones and green supplies contrast.

REVOLT IN SPAIN CHOKED BY ARMY AND SPY SYSTEM

Catalonia's Home Rule Plan Again Beaten.

Mr. Sheehan, member of The Tribune's European staff, entered Spain about a week ago to report the conditions there, especially in view of the arrest of many prominent republicans in Madrid. Mr. Sheehan made his headquarters in Barcelona, the capital of Catalonia. The censor, however, blocked his efforts to report his findings to The Tribune direct by cable and radio. Therefore he has returned to the French frontier town of Cerbere in order that he may give an unhampered account.

BY VINCENT SHEEHAN.

(Chicago Tribune Foreign News Service.)

(Copyright, 1924, by The Chicago Tribune.)

CERBERE, France, Nov. 15.—The republican and separatist movement in the Barcelona district has been absolutely crushed for the time being.

Since the outbreak on Nov. 6, when a handful of fanatics spoiled all the plans for the whole movement by their premature action, Gen. Barrera, captain general of the district, has conducted a campaign of pitiless repression. Up to today more than three hundred arrests have been made in Barcelona, in addition to two executions and eight courts martial with life imprisonment as the verdict. The general holds full power to make any arrest he deems necessary without a warrant or trial of any sort, as all constitutional guarantees have been abolished in Spain since the dictatorship came to power.

Backed by 80,000 Soldiers.

Gen. Barrera has a force of 80,000 infantry and cavalry to subdue the province. In addition to these he can command the aid of the army of the Plata, which arrived in Barcelona three days ago, accompanied by four destroyers. The forces of the civil or ordinary uniformed police, as well as the secret police, also are at the disposal of the military dictatorship.

The province of Catalonia, with its entirely distinct language and culture, claims the right to be governed by its own people in a sort of home rule regime, which the republicans, anxious to gain the support of this important industrial and commercial district, are ready and willing to grant. The result has been that the republicans and Catalan separatists, although radically different in all essential points, have made an alliance for the overthrow of the military dictatorship of Spain.

The Catalan separatists—chiefly clericals and reactionaries—have nothing in common with the anti-clerical republicans, but they stand to gain by a republican administration, inasmuch as the republicans promise a federal government modeled on the constitution of the United States.

Circulate Threats Pamphlet.

Secret pamphlets bearing the names of Blasco Ibañeta and Miguel de Unamuno have been distributed in Barcelona and throughout Catalonia during the last fortnight. These circulars promise the Catalans full state rights—home rule under a republican government. Enormous impetus has been given the republican movement by this agitation, and undoubtedly Catalonia will support the republican revolution whenever it comes.

However, such a revolution can

never start in Catalonia itself, according to best informed political observers in Barcelona. Catalonia has been under suspicion too long.

Every town in the province is heavily garrisoned by well equipped troops, who are more than willing to fire on the population any time there is sufficient provocation. The troops are entirely Castilian or Galician, with all the inherited Spanish contempt for the Catalans.

1,000 to Watch 4,000.

A typical Catalan small town is Hostalrich, north of Barcelona. It is a little city of 4,000 souls on the mountainside, within imaginary walls destroyed years ago, but officialdom forbids the citizens to build outside of the line of the old boundary. Above this crowded patch is a grim, four square fortress garrisoned by 1,000 well equipped troops. A revolt under such conditions is inconceivable even for the Catalans, who have earned their right to be called Spain's Irishmen by centuries of turbulence and uncompromising nationalism.

According to officials of El Diuio, a republican daily newspaper in Barcelona (which is still appearing, although with large blank spaces left by the censor's destroying pencil), the republican party in Catalonia has 200,000 adherents. This figure is possible, but it does not indicate the actual strength of republicanism. It means only 200,000 unorganized leaderless men, without arms, who can neither vote nor speak in public, nor express their opinions in newspapers. They are as powerless as insects against the heavily organized forces of military despotism.

Speaks Disrespectfully; Jailed.

One typical case is the recent arrest

in Barcelona of Juan Joaquin Morones, who was convicted for having made disrespectful remarks about the government. He will expiate this crime by one year's imprisonment in a Spanish jail.

Every hotel, cafe, theater, and home is filled with spies, according to the time honored system sanctified by bolshevik Russia. The cases of those appearing before the courts-martial indicate the extent of this spy system. The evidence on which accused persons are condemned is almost always from unexpected sources, such as a waiter in a cafe who overheard seditious remarks or a servant in a house who can swear her master called the dictator unpleasant names.

Soldiers' Mothers Make Plea.

Gen. Barrera today received a delegation of 500 mothers of Catalan soldiers in Morocco. They demanded news whether their sons were alive or dead and in what condition. They further asked that the authorities permit soldiers to write their families. The general promised he would make a request to Madrid.

Immediately afterward a delegation of 100 fathers of conscripted Catalan soldiers presented themselves with the same claims and were met by the same promises.

Censorship Is Vigorous.

The censorship is operating with full vigor while the carnival of arrests and courts-martial is going on. All newspapers are submitted to the censor hours before going to press, but still they come out with large blank spaces

where the censor has had last minute qualms about material printed. The censor likewise is obliged to read all personal letters and communications of every kind, and in many cases tried last week the state depends for its evidence of political opinions expressed in personal letters or telephone conversations.

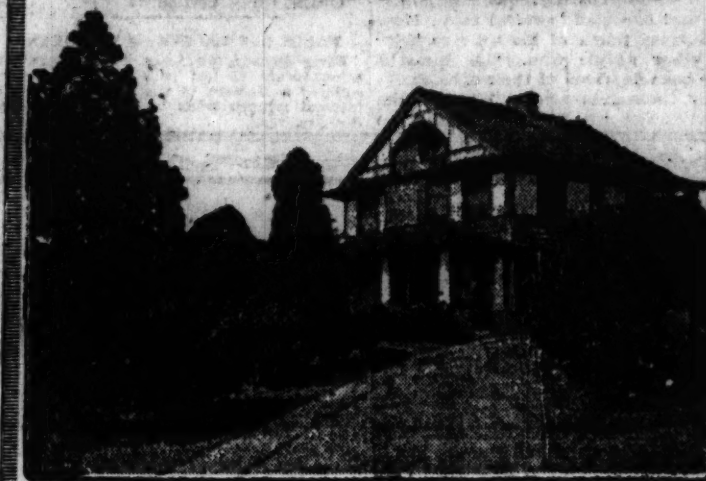

A barrier has been established around the turbulent and fermenting province of Catalonia. All Spaniards or foreigners going from Barcelona to Madrid now must pass a special frontier examination at Guadalajara, where passengers show their passports or military safe conducts and are searched for arms. Scores of Catalans have been turned back by the authorities, unwilling to allow them to enter Spain, although this action has still further incited the inhabitants of the Mediterranean coast against their Spanish rulers.

Gives Up More of Morocco.

(Chicago Tribune Foreign News Service.)

MADRID, Nov. 16.—The complete evacuation of all positions in Waddau, district of Morocco, has been completed. Dictator Primo de Rivera announced today. All troops, horses, mules, artillery, supplies, munitions, and foodstuffs have been embarked aboard Spanish warships and transported under protection of marines and naval artillery, which kept the Rifians back from the coast while the final detachments were withdrawn. The successful withdrawal of troops and supplies from Waddau robs Abdel Krim of his hopes of capturing enough material, especially foodstuffs, to keep the revolting tribesmen through the winter.

North Shore Homesites

Put Your Home on This Beautiful High Hill

Located in one of the most delightful North Shore Suburbs, high up on the south side of an imposing hill, these homesites give you a commanding view overlooking miles of beautiful country.

Adjoining this property is a wonderful development of small estates, where homes costing \$25,000 and upward are completed and occupied, indicating the high character of the surroundings.

Beautiful winding roads lead to a fine concrete State Highway. Steam transportation makes the Loop only 42 minutes away.

150 Landscaped Lots

Over 600 Maple, Linden, Elm and Locust Trees have been planted on these large lots—carefully planted so as to leave plenty of room for your flower gardens, lawns, and tennis court. (In size the lots range from 60 to 75 feet wide by 150 to 200 feet deep.) There is no possibility of unpleasant buildings adjoining your estate because the whole district is strictly zoned for single residences only.

\$18 and Upwards per foot \$300 Cash, Bal. Over 5 Yrs.

The unequalled value of these low prices and our easy terms will sell these superior homesites fast. Paved streets and water are in and paid for! It is only because we made a very fortunate purchase that we are able to sell such desirable property so cheap.

Buy Before January Boom

North Shore property in general is very limited, and South Fronts on beautiful hills like this are at a premium. By January a boom will start that will boost their price up to goodness only knows where before it stops. Act now, and collect your full share of the profits instead of paying them.

CENTRAL CHINA UNITES TO FIGHT NEW PEKING RULE

Wu Confers with Chiefs
of Eight Provinces.

BY JOHN POWELL.

(Chicago Tribune Foreign News Service.)
Copyright, 1924, by The Chicago Tribune.
SHANGHAI, Nov. 16.—Gen. Wu Pei-fu, former leader of the Chihli forces, arrived in Nanking this morning with 1,000 troops, constituting the remnants of his former army of 200,000 men, which he mobilized against Gen. Chang Tso-lin of Manchuria less than two months ago.

Immediately after his arrival at the Kiangsu capital, Gen. Wu went into conference with Gen. Chi Hsieh-yuan, of Kiangsu and representatives of the eight Yangtze provinces, Kiangsu, Hupeh, Chekiang, Shensi, Fukien, Kiangsi, Anhui, and Hoiann, and the admiralty.

Provinces Declare Independence.

The eight provinces had just issued a declaration of independence from Peking, stating that since the central government has ceased to function and until a permanent government is established, all presidential mandates will be disregarded and all Peking appointments in the Yangtze valley will be ignored. Whether Gen. Wu will agree to this declaration is not yet known.

All the Peking appointees in the Shanghai area have been duplicated by the Yangtze provinces and two sets of officials are now trying to function here and to obtain recognition from the foreign consular officials.

Feng Under Chang's Thumb.

(Chicago Tribune Foreign News Service.)
PEKING, Nov. 16.—Although trenchant, of which there are some signs,

SPLIT UP CHINA

Wu Pei-fu, defeated Chinese leader, has arrived at Nanking and may succeed in uniting the Yangtze provinces against the new rulers of Peking. The map shows how China has been split. Chang Tso-lin is in complete control of north China as well as Manchuria. Feng Yu-hsiang, who deserted Wu and seized Peking, has been practically eliminated by Chang.

It is possible, Gen. Chang Tso-lin apparently has completed the subjugation of Gen. Feng Yu-hsiang, two of whose right hand men have resigned from their posts in the emergency government.

Gen. Chang and Gen. Feng today united in a telegram to the Yangtze provinces, inviting them to support Tuan Chi-jui as provisional executive, with a program of reorganization, including a constitution and parliament followed by financial reorganization, all with a large measure of provisional autonomy. The nature of the Yangtze generals' replies, coupled with the actions of the Nanking conference which the provincial leaders are holding with Wu Pei-fu, will determine the future moves.

LEGION TO RAISE FIVE MILLION FOR ORPHANS OF VETS

Disabled Men to Be
Aided by Fund.

Indianapolis, Ind., Nov. 16.—(Special.)—A nation wide campaign to raise an endowment fund of \$5,000,000 to care for orphaned children of world war veterans and helpless ex-service men is soon to be launched by the American Legion. It was announced at the national headquarters here today.

The program, which was authorized by the sixth annual convention of the Legion at St. Paul two months ago, received the approval of National Com-

mander James A. Drain and members of the Legion's national finance committee. The committee was in session all day considering details of the campaign.

Children Need Care.

The immediate necessity of raising funds for disabled veterans and the helpless children of ex-service men who were either killed in action or died as a result of their war service, was explained by Mark T. McKee of Detroit, Mich., member of the Legion's national child welfare committee.

Mr. McKee pointed out the rapidly growing need of providing for the orphaned boys and girls, 5,000 of whom are in distressing circumstances. He declared that the already existing facilities for caring for the children at the Legion's billet at Otter Lake, Mich., are overcrowded, yet 200 children are in need of attention at once. There are 5,000 children of fallen comrades who need the Legion's care

now," Mr. McKee said. "There is a total of 10,000 war orphans in this country. The American people should have these distressing figures brought to their attention. The veterans' bureau turns orphans over to us. Some how we must care for them."

Drain O. K.'s Plan.

"We must look close to home and see the underlying misery caused by the great conflict," declared Commander Drain. "We must help the disabled man; he is our first obligation. But also we are pledged to care for those waifs of war who are being deprived of opportunities because their fathers died for their country. Bind up the wounds of the disabled and care for the widows and orphans must be the slogan of the Legion."

Members of the finance committee declared that caring for the disabled and the orphans was the greatest service the Legion could render the country.

Where Youth is a Frame of Mind

The man who said "Age is a matter of relativity" must have lived in Florida. Somehow an elderly person doesn't seem as old here as does one of the same age in other parts of the country.

Some say the exhilarating climate keeps them young, some say the year round sports. Whatever be the cause, the spirit of Youth is a custom here; it seems contagious; it becomes a state of mind.

You can join the carefree throng in this happy land—its beauties are not restricted to the favored few. All are welcome. Living expenses need not exceed your accustomed standard.

Our beautiful booklet, "Florida," contains many valuable pointers. Write for it.

MILLIONS MARCH FOR REPUBLIC IN GERMAN TOWNS

Dismay in Secret Nationalist Ranks.

BY SIGRID SCHULTZ.

(Chicago Tribune Foreign News Service.)
BERLIN, Nov. 16.—Without arms, but with sagacious, an army of about 4,000,000 young republican Germans paraded through all the towns in Germany today to open solemnly the republican election campaign. In Berlin trucks with hundreds of boys in "Reichsbanner" uniforms rattled through the streets. Boys on all corners in the town, in the same gray uniforms, distributed republican handbills.

In Braunschweig, the former home of the former kaiser's daughter, a parade of 30,000 young republicans from all parts of Germany was held before the palace of the former ruler. In Halle, Cassel, Hanover, Hamburg, Hildesheim, Stuttgart, and scores of other German towns similar republican parades were held, much to the dismay of the nationalists, who find

the republican organization much stronger than their own secret military organization.

Start of Society.

Until six months ago the nationalistic secret organizations captivated all the young men. Then the government launched the Reichsbanner. The term was chosen in opposition to the old imperial flag, which was adopted by the secret nationalistic societies. The boys flocked to the Reichsbanner, many of them abandoning the nationalistic secret clubs, since under the Reichsbanner they can parade to their hearts' content before admiring relatives and friends.

It is Germany's national association for sports. Plain gray linen coats and black caps with the republican colors form the uniform of the Reichsbanner boys and increase the number of customers of the Reichsbanner, because what boy in Europe does not feel the lure of the uniform? About 4,000,000 boys and men have enlisted in the Reichsbanner while it is believed the nationalistic secret organizations, which for so long have endangered the inner peace of Germany, have been reduced to less than 2,000,000.

Von Tirpitz Boars.

This does not prevent the leader of the nationalists, Admiral von Tirpitz, from making glowing speeches in Hamburg, denouncing as a coward everybody who does not believe in the former kaiser, while the whole of republican Germany is delighted over the publication of Theodore Wolff's memoirs of kaiser days.

He publishes unknown letters of Germany's supreme ruler to Prince Buelow, his chancellor. In one of his letters the former kaiser threatens to end his life, and he writes the melodramatic words, "What will become of my wife and children after my suicide?" The prince had threatened

to give up his post after one of the former kaiser's high-handed excursions into international politics behind the back of Prince Buelow and his advisers. The prince could not resist the former kaiser's moving plan and remained chancellor until conditions were unbearable.

Germany today shakes its head and says: "And this was the strong man whom we feared?"

Crowd of Steinbach's Friends Attend Benefit

Scores of old friends of Harry S. Steinbach, veteran Chicago musician, crowded the Adelphi theater yesterday afternoon to attend a benefit recital given for him by the Chicago Business Men's orchestra, directed by Clarence Evans of the Chicago Symphony orchestra. George Ade was chairman of the arrangements committee. John S. Wildadon was secretary, and Richard Henry Little was stage director.

1,000 at Dedication of Oak Park War Memorial

Nearly 1,000 Oak Parkers attended the dedication yesterday of a monument at Harvard and Kentworth avenues to the men of the community who served in the great war. The \$1,200 for the monument was raised by subscription. Charles E. Severance, president of the South Side Improvement association, was in charge of the dedication program.

A Monument to Safe Investment

The 32-story Straus Building—the dominating figure of Chicago's lake-front skyline—is now open to the public as the new and permanent Western headquarters of S. W. Straus & Co.

Our removal to new headquarters in this great structure affords a fitting opportunity to call to public attention the foundations of the success of this House and the underlying reasons for our record of 42 YEARS WITHOUT LOSS TO ANY INVESTOR.

This record is due to dealing in a class of investments fundamentally

sound; to our record of protecting the interests of our clients; and to the STRAUS PLAN, a modern and scientific plan of investment safeguards, which protects every bond we offer.

The large space and additional facilities of our new headquarters are designed to render the best possible service to the investing public. We cordially invite you to call and inspect our offices at any time; and, if you wish, to discuss investments with one of our officers.

BYNG PREVENTS BREAK BETWEEN CANADA, BRITAIN

Makes London Officials
Eat Crow.

Montreal, Nov. 16.—(Special.)—The first of the Fare Memorial lectures delivered in London by Sir Auckland Geddes is receiving much attention here for the references it contains to the relations between the dominions of the British empire toward London and Washington, respectively. Also there is much surprise felt that the former ambassador to Washington should express a point of view which he did not apparently share when he was the official representative of Great Britain in the United States.

Sir Auckland Geddes once opposed strongly the proposal that Canada should maintain its own embassy at Washington. At the time it was believed that he might fear the importance of the British ambassador would thereby be somewhat lessened in the eyes of official Washington, as a great deal of the business he was called upon to conduct dealt with questions arising between Ottawa and Washington.

Clew to Attitude.

His lecture gives another clew to the attitude Sir Auckland maintained at that time if—as he indicates—he is not in sympathy with a certain old foginess in Britain's treatment of her dominions. He was probably assuming at Washington an official attitude on instructions from London with which he was not in sympathy, and opposed Canada's move for a separate embassy while feeling that such a step was inevitable.

Again, when the government at Ottawa insisted on negotiating the treaty with the United States governing the international harbor fisheries in the North Pacific coastal waters, Sir Auckland was a faithful servant of Downing street, and an outspoken opponent to Canada's claim to make its own deal through its own agents.

Dispute with Ottawa.

Over this new step in the dominion's assertion of national sovereignty there was fought a battle between Downing street—or, rather, the colonial office in London—and the government in Ottawa. Many details of this have not yet become known and will probably not be published until the memoirs of those concerned come to be written.

The duke of Devonshire reigned at the colonial office, and his reign was not one of conciliation. Despite his experience gained at first hand of Canada and the Canadians, the duke retained the oft-repeated conception of the dominions as colonies to be dealt with as younger members of the family. So strong and uncompromising was

his opposition to the signing of a treaty between Ottawa and Washington without the signature of the British ambassador being fixed thereto that at one time an open rupture and the publication of embarrassing correspondence appeared probable.

Byng Saves Difficulty.

Lord Byng of Vimy, governor general of Canada, provided the solution in soldierlike fashion. He informed the British government that, if the Canadian ministers were not allowed to conduct the negotiations in the manner and under the forms which they wished, he would have no option but to resign his position as governor general. This step was taken in response to a cable demand from the duke of Devonshire that he read the riot-act to Prime Minister MacKenzie King and insist on the wishes of the home government being acceded to in the matter.

The threat of resignation was sufficient. Downing street dropped the dual pretensions and the treaty was signed by Secretary Hughes for the United States and by Ernest Lapointe, minister of marine and fisheries, for Canada.

View in Canada.

Sir Auckland, as Canadian observers of the process now under way are noting, has absorbed the point of view which now prevails throughout the dominion with the exception of some few

coteries. Canada is a Pacific power, as are Australia and New Zealand. Together with the United States these countries face an Asiatic world in need of territorial expansion.

A common policy to deal with a common problem will be much more easily found with Washington than with London where statesmen are handicapped by considerations of the Asiatic races existing within the empire. The problem of British Columbia is the same as that of California as regards the southern portions of the province while the great harbor at Prince Rupert awaiting development is but a few days' sailing from Vladivostok where the outposts of the bolshevik republic look out on the Pacific.

AUSTRALIAN VIEW

[Chicago Tribune Foreign News Service.] SYDNEY, Nov. 16.—The colonial office in London is grieved by an amiable Corbyrus in a monistic and with a proper idea of the sanctity which must hedge the minister.

The Sydney Sun thus satirizes the British government activities regarding the dominions. It suggests the growing importance of the dominions demands the transfer of affairs from the colonial office to the prime minister's department. The paper adds: "To certain types of English officials Australia and Canada are still

CITY'S POVERTY DELAYS LA SALLE STREET PROJECT

Limitation of Chicago's bond-making power is the stumbling block to the La Salle street improvement, according to John J. Sloan, president of the board of local improvements, who intends to present his argument to Mayor Dever today. He expects it will justify the board's delay in widening the street from Washington street to Lincoln park.

The mayor has ordered the program speeded. The reason for delay, Mr. Sloan said, was the hope of obtaining legislative authorization next year for increasing the city's bonding limit of \$87,000,000, which has nearly been reached. A third of the estimated \$15,000,000 cost of the La Salle street improvement will be borne by the city.

Among the pending improvements needing money, Mr. Sloan said, are these: Ashland avenue, \$10,000,000; Western avenue, \$12,000,000; and Ogden avenue, \$6,000,000.

"There has been too timid a class of men sent to London. The capacity to eat good dinners and speak well is hardly enough. If the dominions are to get anywhere, they must send what Americans call big, 100 per cent men, to whom the people will defer."

TO TALK ON INTOLERANCE.
Dr. John Raynes Holmes will speak on the "Persecution of Jesus Christ" at 8:15 o'clock this evening in Grand temple, 4600 Grand boulevard. His message will deal with post war hysteria.

ONE FARE TO ANYWHERE

A POLITICAL speaker during the recent campaign used street cars in preference to an automobile in going from one meeting to another.

"I found driving through traffic too much of a strain when I was speaking three or four times an evening," he says. "On the street car I could relax, for I knew it was in charge of competent operators. I made as good time on the car as I could have made in an automobile and I had no parking worries."

He adds that, although he has lived in Chicago all his life, he never before realized how readily every point in the city can be reached by trolley. He expects to make better use of street cars in the future.

Thousands of other automobile-owners have arrived at the same conclusion. In spite of the enormous increase in automobiles the Surface Lines carry a million more riders a day now than they carried ten years ago.

For one fare a Chicago citizen can ride 35 miles. The largest and best equipped street car system in the world is always ready to serve him.

CHAMBER ASKS REPEAL OF TAX PUBLICITY LAW

Recommendation of Body
Sent to Coolidge.

Washington, D. C., Nov. 16.—(Special)—President Coolidge in framing his annual message to congress will have before him a statement of the views of American business men on economic questions of current importance.

Recommendations of the Chamber of Commerce of the United States as presented to the President by Richard F. Gantt, its president, and Elliott H. Gault, vice president, were made public today.

Against Tax Publicity.
Chief proposals of this organization dealing with topics to which the President may address himself in his annual message include the following: Repeal of the provision of the 1924 revenue act which permits publicity of amounts paid by taxpayers. Creation of a joint committee of congress supplemented by representatives of the public to study the entire taxing system and recommend changes with a view to simplification of administration and elimination of inequities.

Development of a governmental policy defining the rights of legitimate trade associations, and if necessary amendments to the law to permit helpful activities.

Foreign Ship Subsidies.
Recommendation of an American merchant marine by subsidies and establishment of a government policy which will hasten the placing of shipping board vessels in the hands of private owners.

Development of a definite plan and schedule of priorities for waterway development through a comprehensive survey and report on the waterways of the country as a whole by direction of congress.
Continuance of public representation on the railroad labor board and opposition to the Howell-Barclay bill regarding the abolition of the board. Establishment of a flexible immigration quota system under which an immigration commission will make adjustments to meet changing social and industrial conditions.

World Budget System.
Revision of the present budget system by the adoption of an executive order by which the President in his annual budget message would advise the public of the entire extent of expenditures which might be involved in proposals outside of the statutory activities of the government.

The chamber of commerce in opposing publicity of tax information decries that the government violates the good faith which it owes to its citizens in throwing open information about their private affairs.

"In view of the unfavorable reaction caused in all parts of the country, the chamber hopes for immediate repeal of the publicity provisions," the statement says.

CONTESTS LOOM FOR G. O. P. JOBS IN NEXT SENATE

Washington, D. C., Nov. 16.—Although the opening of the short session of the congress is two weeks away and one of the positions is not to be filled until the new congress begins its sessions, the race for the Republican senate leadership and for president pro tem. of that body already are warming up.

The death of Senator Lodge of Massachusetts left open the post of floor leader for the majority party, while Senator Cummins of Iowa, the president of the senate, has formally announced that he would relinquish that office at the conclusion of the present short session.

It will be necessary for the Republicans to select a leader before congress convenes on Dec. 1, and the names of Senators Curtis of Kansas, the party's whip, and Wadsworth of New York now figure most prominently. These same senators also have been frequently mentioned in connection with the office of president pro tem.

Senator Moses of New Hampshire has announced his candidacy for president pro tem. His friends already are lining up support for him.

7 KILLED AND 18 INJURED IN AUTO WRECKS

Fireman Dies in Hoax,
Youth in Joy Ride.

(Continued from first page.)

members of the party were intoxicated, and that his companions contributed to the accident causing his death. The three boys are held in the Du Page county jail at Wheaton. The coroner's jury recommended that State's Attorney Reed of Du Page county investigate. The girls were sent to their homes.

Mravla was killed when the auto which he was driving crashed into a Chicago, Milwaukee, and St. Paul train at Wilson, four miles west of Waukegan, late in the afternoon. Mrs. Francis Crenk, riding with him, was so seriously injured that she may die. Frank Kobal, the third occupant of the car, escaped injury. Mrs. Crenk and Kobal live at 1901 West 22d street.

Mravla was treasurer of the A. B. Glass corporation, 2537 South Western avenue. He was married and had two children, twins, 11 years old.

Quimet died last night in St. Bernard's hospital of injuries he received in the afternoon when he was hit by an auto driven by George Anderson, 5536 South Sawyer avenue, at 63d street and Kedzie avenue. Quimet was a laborer. Anderson is held pending the inquest.

Evanston Employed Died.

Smith, a city employe of Evanston, was killed when the auto in which he was riding turned upside down on a sharp curve at Niles. Two companions were injured. Joseph Osborne, 1708 Darrow avenue, Evanston, and

MRS. SCHEINKIN AT BIER OF HUSBAND, SAYS SHE'LL CARRY ON

New York, Nov. 16.—[Special.]—They expected Mrs. Miriam Scheinkin to collapse today at the funeral of her husband, Dr. Menachem Mendel Scheinkin, noted Zionist, at the National Hebrew school, in East Broadway.

Physicians were there, ready to care for her when the break came, as they were sure it would. The 5,000 mourners present knew that she had been very close to her husband, who died in Chicago last week. They knew that for thirty years she had helped him on his manuscripts, his speeches, his campaigns, and other works.

They saw the widow rise slowly beside the body. She swayed a little. Then they saw her straighten. Her head went up, her eyes flashed. Dry-eyed and unflinching, she launched into a funeral oration.

"My friends," she said, "this is not a time for tears for me. Our work is not over, nor is it halted. What he taught thirty years ago we shall continue, for I shall work on with his presence close to me, and guiding me."

William Rickard, 1010 Davis street, Evanston.

John Tague, 70 years old, 519 Root street, died at the German Deaconess hospital from injuries received when he was struck by a machine at Lowe avenue and Root street. He was found unconscious and there is no clew to the car that struck him.

Vincent Janosz, 35 years old, 1355 Walton street, who was struck by a taxicab at Elston and Milwaukee avenues on Saturday night, died in St. Mary's hospital.

Patrick Sheehan, a traffic policeman stationed for many years at Wells and Madison streets, was severely injured when a car in which he was riding collided with another just north of Libertyville.

Andrew Jaskiewicz, 4803 South Ada street; Albert Lokel, 2057 North Hoyne avenue, and Vincent Vaccaro, 2705 South Spaulding avenue, were severely hurt in minor accidents.

YANKEE INCOME TAX FOR PERSIA DELIGHTS POOR

(Chicago Tribune Foreign News Service.)

TEHERAN, Persia, Nov. 16.—The American financial mission here has become the unintentional cause for a clash between capitalists and the lower classes. In order to create a surplus fund for road repairs, the mission has presented for approval an income tax bill, which met the disapproval of a majority of the members of parliament, who are wealthy aristocrats, or have wealthy partisans. The people's organ has taken up the mission's cause and in guarded language recommends the poor versus the capitalist. The mission proposal seems assured of victory.

HOLD 3 FOR MOONSHINE DEATH.
Albert Perry, 54; Charles Butnagh, 50, and Joseph Bon, 34, all of 534 West Lake street, are being held by police pending the inquest into the death of John McCabe in the house where the three roomed. Moonshine poisoning is believed to have killed McCabe.

SAM H. THOMPSON BOOMED FOR SEC. WALLACE'S JOB

Quincy, Ill., Nov. 16.—[Special.]—

A boom was launched here today for Sam H. Thompson, president of Illinois Farm Federation, for secretary of agriculture. Thompson is a dirt farmer and assisted in putting over the \$26,000,000 grain elevator merger.

Gold Life Saving Medal Given Battleship Sailor

Washington, D. C., Nov. 16.—A gold life saving medal of honor for rescuing a man from drowning was ordered presented today to Electrician's Mate Franklin Jake O'Neal, attached to the battleship Wyoming, by the treasury department. On Dec. 31 last, O'Neal, while a passenger on a New York ferry, dove into the icy waters and brought to safety a fellow passenger.

DRIVE FOR CHILD LABOR LAW ON IN 40 LEGISLATURES

Washington, D. C., Nov. 16.—Ratification of the child labor amendment, already approved by Arkansas, will be sought, it was announced today, at meetings of forty state legislatures, which convene in January.

Women's organizations, labor and the churches are now organizing joint committees to work in unity in those states whose lay making bodies meet soon, while the national units are aiding through a clearing house here.

Cigar Stores

In the open, young fellows find that these mild cigars taste better than cigarettes

Afloot or afloat, even the most ardent devotees of cigarettes admit that there are times when a cigarette does not quite hit the spot. These men, either of their own volition, or on our recommendation, have turned to *Ricoro*. It is mild and yet has that fuller flavor which a smoke in the open should have.

Ricoro always keeps alight, even in the rain and wind.

WHEN YOU ARE ALL EXCITED!

Baalmann's Gas-Tablets

offer you a way to immediate relief. Any form of excitement tends to shock the delicate nerves of the stomach, upsets the functions of that organ and produces gas. Anger, fright, grief and worry—all have an evil effect upon the digestive system. For want of a better name, doctors term this condition "nervous dyspepsia."

Baalmann's Gas-Tablets are made especially for the relief of gas and stomach distress. They act in a safe, natural way upon the weakened stomach nerves and glands, gradually helping to restore them to normal strength and activity. When this is done you will no longer suffer from gas pains around the heart; from palpitation, smothering spells, rumbling noises, bloating, burning, sour taste or drowsiness after eating. You will be like other normal, healthy, happy people.

Baalmann's Gas-Tablets are for sale in Chicago at Buck & Rayner Drug Store and other good druggists. Baalmann, Chemist, San Francisco. Get the genuine in the yellow package. Price \$1. First dose usually affords quick relief.

Do You Always Get Good Want Ad Results?

"I always get good results, and rent rooms quickly, when I use a Tribune Want Ad to find tenants. I rented to the first party that answered my last Want Ad, and there were several other inquirers to whom I no doubt could have rented."

Mrs. A. Clark, 6137 Dorchester Ave., said this of her Tribune Want Ad. Here is the ad:

That Advertisers May Judge for Themselves

the dealer influence of the St. Louis newspapers

To enable advertisers to judge for themselves which newspaper to use to influence dealers and win new dealers in the St. Louis market,

6,500 retail dealers in Metropolitan St. Louis were recently asked which St. Louis daily newspapers they read.

74 out of every 100 replies specified the Globe-Democrat

68 the first evening paper.
35 the second evening paper.
18 the third evening paper.

The Survey covered dealers in eleven different lines of business.

In seven lines the Globe-Democrat is read by more dealers than is any other St. Louis newspaper.

In only three lines is the first evening paper read by more dealers than is the Globe-Democrat. In one other line the number reading each of these newspapers is the same.

Men's Furnishings

88% of the dealers in Men's Furnishings read the Globe-Democrat.

62% read the first evening paper.
48% read the second evening paper.
20% read the third evening paper.

Hardware

70% of the Hardware Dealers read the Globe-Democrat.

57% read the first evening paper.
21% read the second evening paper.
21% read the third evening paper.

Drugs

86% of the Druggists read the Globe-Democrat.

72% read the first evening paper.
43% read the second evening paper.
26% read the third evening paper.

Shoes

62% of the Shoe Dealers read the Globe-Democrat.

62% read the first evening paper.
28% read the second evening paper.
14% read the third evening paper.

Dry Goods

69% of the Dry Goods Dealers read the Globe-Democrat.

65% read the first evening paper.
31% read the second evening paper.
11% read the third evening paper.

Millinery

63% of the dealers in Millinery read the Globe-Democrat.

60% read the first evening paper.
25% read the second evening paper.
11% read the third evening paper.

Groceries

73% of the Grocers read the Globe-Democrat.

69% read the first evening paper.
32% read the second evening paper.
17% read the third evening paper.

Cigars and Tobacco

80% of the Cigar and Tobacco Dealers read the Globe-Democrat.

74% read the first evening paper.
23% read the second evening paper.
8% read the third evening paper.

Globe-Democrat predominance in dealer influence is proved by the foregoing figures based upon dealers' actual statements, obtained by a disinterested organization.

The daily Globe-Democrat is not only read by dealers but preferred by dealers. 42% of the retail dealers prefer the Globe-Democrat. 36% prefer the first evening paper. 14% the second. 5% the third.

And—

In the 49th State no other newspaper even approaches the Globe-Democrat in dealer influence

Throughout the great 49th State—that thriving area that spreads out 150 miles in every direction from St. Louis, its Capital—the Globe-Democrat is read by more retail dealers than is any other St. Louis newspaper.

Survey results show that it is read by 92.2% of the 49th State dealers. Read by more than the combined total of those who read the three St. Louis evening newspapers.

When 49th State retail dealers outside St. Louis were asked, "Does Globe-Democrat advertising help you to sell goods?" 88.2% answered, "Yes."

Place your advertising in the Globe-Democrat to reach and influence the retail dealers who supply this market's tremendous daily needs. There are more than 40,000 dealers in the 49th State, including St. Louis, the "Source of Supply" to 4,600,000 people.

The Globe-Democrat is St. Louis' Largest Daily—has been for years.

Let the Service and Promotion Department and the Research Division of the St. Louis Globe-Democrat give you the specific information in which you are most interested, concerning this great market for your product.

Second Floor, East.

Simple in Effect, More Elaborate in Detail Are Women's Frocks in the Midwinter Mode The Afternoon Frocks, \$75—the Dinner Frocks, \$125

It is this simplicity that weaves a consistent theme through the new winter fashions, whether they are chosen for daytime or evening wear.

Golden Thread Embroidery On Dinner Frocks—

The long, graceful tunic blouse over an under-slip of black satin is embroidered in effective patterns in metal threads, jewel-colored stones and small, quaint ornaments.

This charming dinner frock may be chosen in amber-color, jade or coral-color. Sketched at the right center. \$125.

Furs, Out-of-the-Ordinary, Give Distinction to These Smart New Cloth Coats, Priced \$125 and \$165

Pahmi fur blends its soft tones with the rust-color or beige of the coat sketched at the left. It is used to form the full collar and deep gauntlet cuffs. Priced at \$125.

Other Cloth Coats, \$125 In an Interesting Group

Coats of soft fabrics with collars and cuffs of Japanese mink or sable-dyed squirrel. Others, with panels inset at the side to give a slight flare. For women. Not sketched. \$125.

But here so distinctive a character is given by the details of cut and garniture that each has a charming individuality, giving interest to selection.

A New Double Tunic On Bengaline Frocks—

This and the bands of intricately folded silk inset as a narrow panel in the back and on the sleeves give this smart afternoon frock interest and novelty.

The vest of Georgette crepe, tucked and hemstitched. In black with beige or blue vest and brown with beige. At left center. \$75.

Rich-looking Coats at \$145 With Silky Wolf Fur

This is an especially smart style, and the full collar of wolf is youthful and becoming. Fur, too, makes the cuffs and bands the bottom of the coat. Not sketched. For women. \$145.

Baby Girls' Jersey Frocks Charming Styles, \$5.95, \$8.95

Just the sort of frocks to serve all season through. Warm, yet light in weight, the fabric is one which keeps its freshness. They are easily kept in order. Mothers note the how practical and economical they are.

There are several different styles in sizes two to six years from which to choose. The frock sketched at the left center, with raglan sleeves, has touches of bright wool embroidery. \$5.95. Embroidery trims the becoming little frock sketched, right. \$8.95.

Sturdy Suits for Small Lads

Priced \$5.95

Of soft wool Jersey. In middy style, sketched at the left, \$5.95. A suit with blouse of cotton broadcloth, hand-embroidered, and Jersey trousers, right, center. \$5.95. Other suits at \$6.95. Each is splendid value.

HARRIERS SHOW BIG INTEREST IN TRIBUNE RACE

BY WALLACE ABBEY.
With the football season drawing to a close, much interest is being displayed in the second annual cross country race of the Tribune A. A., which will be held in the large field at Washington park, Sunday afternoon, Nov. 30, at 2 o'clock. This event offers sport fans a relief from the constant emphasis on the gridiron game and a large crowd is expected for the race.

Followers of track, especially those who take an interest in long distance races, were unanimous yesterday in endorsing this Tribune's decision to place four obstacles in the course of the runners, making the event more nearly like those in Europe where the contestants are obliged to wade creeks and surmount many natural barriers.

Seek Industrial Athletes.
A special effort will be made this year to get as many industrial athletes as possible in the race. The Tribune A. A. believes that many sterling runners are numbered in the ranks of the big local plants, at hope that they will not only enter individually but will turn out intent upon capturing the team trophy.

Entries will be received today and until Nov. 26, after which it will be impossible to accept names. Last year's race brought out 185 entries and it is hoped that that figure will be eclipsed this year.

Park Board Backs Race.
Officials of the south park board are cooperating with the Tribune A. A. to make the event a big success. V. K. Brown, superintendent of recreation, and his assistant, H. G. Reynolds, are both enthusiastic about the race and have assured the promoters of the event of one of the best courses which could be devised.

Thirty-two prizes will be awarded the victors. The winning team will receive a suitable trophy and the winning athletes will receive a trophy in addition to a gold medal. The first ten finishers will be awarded gold medals; the next ten will receive silver medals and the third ten will be rewarded with bronze medals.

Athletes desiring to enter will find a blank for that purpose on the sports page and are requested to fill it out and mail as directed. Teams may be entered on a single sheet of paper signed by a reliable official.

KANKAKEE WINS, 7-3.

PROPER HOOKUP OF WIRES IN
BRACING FRUIT TREES.

THE hookup of the new central wiring system, now gradually coming into general use in the fruit growing sections from coast to coast, is simple, inexpensive, and can be easily done by any man who owns fruit trees. It is too new for horticulturists to leave the orchards long enough to try it out on shade trees in city parks and trees on lawns, but with some modifications it will no doubt be found valuable in supporting trees outside the orchard.

The new method merely consists of wires attached to a staple or screw eye driven or screwed into each branch and fastened to a small ring near the center of the tree. If the tree has six main branches, for example, more or less equally distributed around the trunk, the wires would all be brought to the ring in the center like spokes of a wagon wheel leading out in all directions from the hub. In this way the weight of a branch on one side is supported by a branch on the opposite side of the tree—the weight of one branch is counteracted by the other's weight.

Sometimes a wire running from one branch to the other is sufficient when the branches are parallel, and in this case the central ring is not needed.

PAT PERFECTING HOLD TO PIN MIKE NOV. 26

Mike Romano, claimant of the Italian heavyweight wrestling championship, who meets Pat McGill of Nebraska at the Coliseum on Nov. 26, will establish training headquarters at the Mullen gymnasium on Wednesday, according to Promoter John "Doc" Krone. Romano is in New York to fill an engagement and articles call for his public appearance in Chicago on Wednesday.

McGill is already in the city and training every day at the Arcade. Pat is trying to perfect the head scissors which he applies with his legs and is bent on winning from the Italian. Romano undoubtedly will rely upon the Lewis headlock, although he knows other locks.

The remainder of the card will be announced this week. Tickets will be placed on sale at the usual places.

PESEK TO MEET DUGID IN MAT BOUT FRIDAY

John Pesek of Omaha and Wallace Dugid, heavyweight champion of Canada, will meet in the main bout of the wrestling matches at the Star and Garter Friday night. Dugid is a former member of the northwest mounted police and comes to Chicago with an excellent record. Antonio Rocco, an Italian middleweight, will be matched with a worthy opponent for the other contest. Despite Joe Parelli's claims to the Italian middleweight title, Rocco maintains he is the legitimate Italian 155 pound titleholder.

250 Hounds Are Cast In in National Hunt Meet

Bowling Green, Ky., Nov. 16.—The thirty-first annual trial of the National Fox Hunters' association will begin here at dawn tomorrow, when 250 hounds will be cast ahead of an equal number of hunters to contest for the futurity stakes.

CLARY AND ENNIS IN JUNIOR GOLF FINALS

Following victories yesterday at Big Oaks in the semi-final round of the Illinois junior championship golf tournament, Francis Clary, high school champion, and Pat Ennis will meet next Sunday in the deciding contest. Clary defeated Robert Stewart, 2 and 1, while Ennis finished with a margin of 4 and 3 against Carroll Stuart, the young Canadian star.

In the contest for the par trophy Sam Gilbert and George Thomas tied with six holes each in par figures. They played off five holes selected by the committee and Gilbert won, having three pars on the extra holes and a total of 9. Thomas had one par on the last five holes and a total of 7.

LORD WIMBORNE, BRITISH POLO 'ANGEL' TO QUIT

[Chicago Tribune Foreign News Service.]
LONDON, Nov. 16.—Lord Wimborne, noted polo star and financial backer of the last British international team, announced today his retirement from active participation in the game. His retirement is believed to be the result of his experiences last December, when he was the center of a storm of criticism from the disastrous defeat of the British team by America at Meadowbrook.

"I will not play myself next season, and I am disposing of my ponies," says Lord Wimborne. "My active connection with the game is finished."

FRISCO TO GET NATIONAL A. A. U. OUTDOOR MEET

Atlantic City, N. J., Nov. 16.—[By the Associated Press.]—The track and field committee of the Amateur Athletic union late tonight voted to award the 1925 national junior and senior outdoor championships to San Francisco. This action is subject to ratification by the A. A. U. convention, which holds its first session tomorrow, but is expected to receive approval.

San Francisco was favored in preference to Chicago and Pasadena, Cal., which also bid for the premiership event.

At the same time the committee expressed itself in favor of rotating the championships annually to different sections, the suggestion being made that they go to Philadelphia in 1926 and New Orleans in 1927 as part of this scheme.

Wrestlers to Oklahoma.
The 1925 indoor track and field championships, it was announced, probably will go to Louisville.

The wrestling committee voted to award its next year's title events to the Oklahoma A. A. and M. college at Stillwater, Okla., subject also to the approval of the general convention.

Important changes in the organization of America's Olympic teams, based on the experience of the 1924 games at Paris, are recommended by William C. Froot of Boston, retiring president of the A. A. U. In the report he will submit to the opening session convention tomorrow.

President Suggests Changes.
Direct selection and financing by the A. A. U. of future Olympic teams in all branches of sport over which this organization has jurisdiction, principal among which are track, swimming, boxing, and wrestling, is the outstanding proposal in President Froot's report, in which he points out that "from our experience this year it would seem that it is almost impossible to have teams representing every branch of sport make the journey as a unit and have each team properly handled and provided for."

Mr. Froot further recommends that competent Olympic coaches and managers be selected at least two years before the quadrennial games to insure proper preliminary arrangements.

Zbyszko Posts Forfeit;
Steinke Fails to Show
Wladek Zbyszko, the Polish wrestler, has posted his forfeit with Promoters Joe Coffey and Ed White to close the proposed match with Hans Steinke at the Coliseum on Dec. 2. The Pole has accepted all conditions, but so far the giant Teuton has not put in an appearance. If Steinke refuses to meet Zbyszko he will be eliminated from all consideration as a heavyweight championship possibility by local promoters.

VERTICAL TRUST AND NEW PERIOD OF CONSOLIDATION

BY SCRUTATOR.

The opinion that we are in for another great era of rail and industrial mergers is not only imperative for investors to examine very carefully every proposed consolidation. If the trust spirit proved nothing else, it proved that there is no inherent virtue in size. The property of the smaller units in tobacco and oil, industries which only began to grow after they were "busted" up in the course of one year. The business significance of other great corporations, which a quarter of a century ago commanded from \$5 to \$50 per cent of the business in their fields, while the same story.

In this connection it will be wise to keep in mind the distinction between the vertical consolidation of industries such as the steel corporation, the Ford corporation, and similar holdings of all the businesses of one industry, and the more primitive ring and trust formations, some of which flourished, and some of which did not.

The growth of the chain store is a tribute to concentrated buying power. It is also a tribute to diffusion of responsibility among unit managers. One of the great newspaper chains of this country was built up on the federal idea. In what everything was left to the local publisher, who could do anything but create a deficit. That process resulted in the accumulation of a family fortune once estimated at the eighth largest in America, and very little ever was invested.

One of the famous local chiefs of this chain dropped into the office the other day to get a check-over of the world's greatest newspaper. He made money, including money for himself, and a great deal more for other Texas publishers, who learned from his example how to make afternoon papers pay. His formula was simple—Independence and service.

Although now a thoroughly Texas man, like Dave Crockett, who evoked that pile of millions in the Alamo, he was not a native son.

Born in Liverpool, educated partly in Germany when Bismarck was born, and beginning his American newspaper career as a reporter for a German language paper, he has a wide outlook. He has subtle ideas of the difference between "finished" and a growing country. It seems that in Britain everything has been pretty well merged—especially since.

Visiting some of his English kin not long ago, a cousin commented with him about his son's future. "Why not get Jimmy a job on this big railroad that runs past your door?" he asked. "Why, then," was the reply, "I would have to have the backing of the trustees, etc."—all to the general effect that a man practically has to inherit a job on a British railroad.

Not long ago another young son of the family lost a job in San Antonio. His English aunt wrote almost tearfully: "Poor little Johnny has lost his job; will he ever get another?" Since that time Johnny has had about four jobs in three different states, each better than the one before.

Too much crystallization hurts many people, and the same process may petrify industries. Harriman was as great a consolidator as ever railroaded saw, but he expressed the opinion that 15,000 miles was big enough for any rail system.

Sir Henry Thornton, who has over 20,000 miles on hand, with sparse traffic, however, recently recalled Harriman's estimate and intimated it. He said that the Penn and the New York Central were big enough for any management.

Continental Baking Co. Bays Livingston Concern

The Continental Baking company has taken over another baking organization, according to an official announcement today by George D. Barber, chairman of the company. The latest acquisition of the Continental organization is the Livingston Baking company of Chicago. This is the third company to be acquired by the Continental within the last week, the others being the United Bakers corporation and the American Bakery company of St. Louis. The Livingston company operates three bakeries in Chicago.

CANNY BUYERS HELP TO KEEP UP LONDON PRICES

BY ROBERT STEELE

(Chicago Tribune Foreign News Service.)

LONDON, Nov. 16.—Despite the

general quieting down of the activity

of the London Stock Exchange, the

market prices had advanced to

new peaks during the post-election boom

and the great taking was in the air, and

which again declined there were suf-

ficient investors who had been left be-

hind in the recent struggle and who

seized the opportunity to buy dis-

countinuously and at more reasonable

prices to keep the list buoyant and

speculations up.

In future of the week was the out-

standing advance in the value of the

sterling at New York, which was

responsible for the more pronounced by

the weakness of the continental ex-

changes. French and Belgian francs de-

preciated and French rentes sagged in

response.

Home New French Loan.

The flotation of a new internal loan in

France on terms regarded here as not

short of unimpaired probably contrib-

uted largely to the weakness of these

exchanges. In addition there was consid-

erable selling of international values both

in Paris and Brussels, presumably in

connection with the making of arrange-

ments to take part in a new internal

loan.

Bright spots in the foreign market

were the Austrian and Hungarian loans,

the latter on publication of receipts

related to its service. British funds re-

mained steady, although not at the uni-

formly high levels of the week previous.

Home rails were not interesting. In

the foreign department Argentines de-

veloped a sagging tendency on reports of

trouble. Brazilians were good.

Profit Taking in Industrials.

Reaction was the order of the day in

most industrials, but after severe profit

taking the staple leaders found encour-

aging support. Tobacco yielded ground,

and steel were generally of color. Oils

developed irregularity, an old mine.

Many were very impressed by the fall

in the paper price of gold and the de-

pression was accentuated by Paris sell-

ing. But were distinctly firm, rubbers

very dull on a setback in the price of

the commodity, and tea gained fresh

strength by remarkably strong further

rise.

NEW HOME FOR BANK.

Formal opening of the new home of the

Washington Park National bank at 23d street

and Cottage Grove avenue will take place

Monday. The bank will be open from 9

a.m. to 5 p.m.

BRUNSWICK CO. TO OFFER ISSUE OF STOCK THIS WEEK

A security issue of particular in-

terest to Chicago investors will be of-

fered by banking syndicates this week.

A block of 150,000 shares of nonpar com-

mon stock of the Brunswick-Balke-Col-

lander company will be offered at \$40.50

a share. The business was founded in

1845 and has grown to a \$12,000,000 cor-

poration. Recently a stock dividend was

declared. It is intended to pay dividends

at the rate of \$1.40 annually on the

stock.

\$15,000,000 Sinclair Co.

Bonds to Be Offered Today

New financing today will be headed by

an offering of \$15,000,000 Sinclair Con-

solidated Oil corporation three year 6

per cent bonds. The company's stock-

holders are given preference in subscrib-

ing for the issue, which are priced at

95% and carry stock purchase warrants

extending over the next three years.

Coincident with the expansion of the

Brunswick-Balke-Colander company into

the radio field, the company will make

a public offering of nearly \$5,000,000 of

its common stock, consisting of 125,000

shares, priced at \$40.50 a share.

The Dallas Joint Stock Land bank will

offer \$5,000,000 farm loan bonds, priced

at 100.

New Offering

WHEAT ERRATIC FOR THE PRESENT, TRADE PROSPECT

BY CHARLES MICHAELS.

The wheat market for the present largely is a changing affair, and likely to continue so for the balance of this month.

Speculators who believe in higher prices and are not disposed to take in the cash wheat on December delivery are selling out and buying May, which has widened the spread within a short time from 5c to 7 1/2c, with three close on Saturday at 7c.

A few of the elevator interests that have large stocks of cash wheat hedged for December are waiting to turn over their trades at 6c difference. The actual price of carrying wheat from December to May is between 1 1/2 to 2 1/2c. Trade leaders say that the market may not do much until after the December liquidation is over.

Export Speculation

Those who believe in higher prices for wheat prefer to buy the May even at the big premium over the December, as wheat is expected to become scarce next spring and sell very high. There are predictions made by good people in the trade of 1 1/2 to 2 1/2c wheat before another crop, and are based on the world's shortage in wheat and rye supplies as compared with the requirements.

Reports from the United States for this season are around 150,000,000 bu., and the department of agriculture estimates that the season's exports are likely to reach 200,000,000 bu., against 155,000,000 bu. last year.

Trade leaders believe that these figures will be largely exceeded this year, as the United States has the best and most available supply of any exportable country.

There are 50,000,000 bu. in the visible supply. Of that, it is said, between 20,000,000 and 30,000,000 bu. have been sold to go out later in the season. This probably explains why there is so little pressure from sellers of wheat. Largest stocks are held at Chicago and St. Louis river markets. A great deal of wheat has been sold from the Missouri river markets to come to Chicago, and the trade need not be surprised to see a request made to the Board of Trade directors here to have wheat in car lots on track declared a "regular delivery" during the month of December, as a strong effort may be made in that direction.

Storage Room Is Scarce

Storage room is scarce, and more grain will go into boats this winter than for years past. The rate from Chicago is 6c a bushel to Buffalo, including the winter storage. Duluth, Port Arthur and Port Arthur, as well as Chicago, also expect to carry a good deal of wheat in boats throughout the winter, and there are thirty boats or more that will store wheat now at Buffalo.

Report buying was checked by the advance of 10c in ten days, and it is not expected to be renewed on a large scale for a week or more, or until after December liquidation.

Marketing of grain has fallen off. Primary receipts of all grains in the aggregate last week were the smallest since the last week in July.

Canada Crop Smaller. Canada has only 745,000,000 bu. of wheat in the three big provinces of the west, or 200,000,000 bu. less than last year. That materially cuts its exportable surplus.

The Canadian government's report, given out late in the week, confirmed the lowest of the private estimates issued two months ago. Argentine conditions are uncertain. The government's report of 100,000,000 bu. suggests around 125,000,000 bu. for export, against 175,000,000 bu. last year. Argentine prices are the highest but the United States wheat and Liverpool on Saturday was 3 1/2c over Chicago, equal to a full shipping difference.

For the immediate situation, those who are bearish look at the large visible supply for getting the large quantity sold to go out, while for the distant future, the export demand is in prospect. A record trade in stocks and with bullish speculation becoming more prevalent in other times, wheat is receiving increased attention, and sharp fluctuations are to be expected as long as present conditions exist.

December wheat in Chicago closed Saturday at \$1.50 1/2. May \$1.61 1/2. Within five days of the highest of the season, July 31st, showing gains of 15 1/2c for the week. Winnipeg led the advance with gains of 3 1/2c. Minneapolis is up 2 1/2c, and southwestern

NOTES OF REDEMPTION.
CHICAGO, ILL., NOVEMBER 16, 1934.
The consolidated balance sheet, as of August 31, 1934, after giving effect to the issue of these three-year Bonds and the issue of \$6,000,000 Equipment Trust Notes guaranteed by this Corporation, shows consolidated total net assets (after deducting all liabilities except the First Lien Collateral Bonds) of approximately 3.70 times the face amount of First Lien Collateral Bonds, including this issue. The ratio of current assets to current liabilities as shown in said adjusted balance sheet is nearly 4 to 1.

EARNINGS: The consolidated net earnings available for interest and Federal Taxes before reserves for depletion, depreciation, etc., as certified by Arthur Young & Co., Public Accountants, were:

Year ended Dec. 31, 1919... \$22,070,898
Year ended Dec. 31, 1920... 35,580,415
Year ended Dec. 31, 1921... 10,785,313

These earnings averaged over 3 1/2 times the combined annual interest on the First Lien Collateral Bonds, including this issue, and on \$9,389,787 other debt outstanding as shown on the above mentioned balance sheet.

Consolidated net earnings for the year ended December 31, 1934 (two months estimated) available for interest, reserves and surplus, it is believed will exceed the \$13,436,504 net earnings shown above for the year ended December 31, 1923.

EQUITY: The outstanding stock of the Corporation at current quotations represents an equity of almost \$100,000,000 ranking junior to the First Lien Collateral Gold Bonds.

It is expected that application will be made to list these bonds on the New York Stock Exchange.

The legal proceedings in connection with the issue are being passed upon by Messrs. Hornblower, Miller & Garrison and Messrs. Rushmore, Bieber & Stern.

Interim receipts or temporary bonds will be deliverable in the first instance. All offerings are subject to approval of proceedings by counsel, and "when, and if issued" and received by us.

We offer the above Bonds for Subscription at 98 1/2 and Accrued Interest

Holders of record of common stock of Sinclair Consolidated Oil Corporation on November 17, 1934, will be given first opportunity to subscribe for the bonds on the basis of not exceeding \$100 Bonds for each 30 shares of stock owned.

The Subscription books will be open at the office of Blair & Co., Inc., at 10 o'clock A. M. Wednesday, November 19, 1934, and may be closed in its discretion without notice. The right is reserved to reject any application and also to allot a smaller amount of bonds than applied for.
